

FIELD TRIP FOR WORKING GROUP MEETING
March 4, 2003 – 9-11AM

Please RSVP to Linda Friar if you plan on attending the field trip ASAP
lfriar@sfrestore.org or 305/348-1660

TO: PASTA Test Facility for STA 1E and the Palm Beach Aggregates quarry site

Working Group Field Trip to A CERP project

Directions from I95:

- ⇒ Travel West on Southern Boulevard (*you will be on Southern Boulevard approx 12 miles*)
- ⇒ After you pass SR 7 approx 4m you will pass through the intersection at Binks Forest with traffic light (Wellington is on south)
- ⇒ You will take your FIRST LEFT after this light onto Flying Cow Road
- ⇒ As soon as you turn south you'll cross the c-51 canal and take an IMMEDIATE RIGHT onto a WMD dirt road that has a yellow gate that will be open

We'll meet at this location at 9AM to view the PASTA test facility then cross the street to see the quarry site.

Please dress in comfortable walking shoes and attire to walk around the site.

You should have time to pick up lunch and arrive at the district for the Working Group meeting that is scheduled to begin at 12:30.

Tour is being provided by the STA 1E USACE Project manager Paul Moczynski
